Spring Supplement

for 1927

THAYER & CHANDLER
913 VAN BUREN ST., CHICAGO, ILL.

Prof. Hibbard's Minute Embroidery

Sometimes called "cone painting"

"Minute embroidery" is a most effective addition to French Fabric Paints or to Oriental Lacquers. It is "relief" painting by means of a paper cone. It may be used to outline the design, to finish the edge or to fill in parts of the design. It is most effective for applying a raised outline of gold or color to designs that are to be painted with French Fabric Paints or Oriental Lacquers.

"Minute embroidery" is a white and colored paste put up in tubes and is applied to the material by the use of paper cones. After it has been applied and has dried for about 10 minutes, metallic dust, tiny glass beads or wool powder is dusted on to give the color or effect desired.

"Minute embroidery" is easy to do. It gives a more gorgeous effect to all kinds of fabric painting. In fact, the result reminds one very distinctly of the exquisite metallic embroideries of the Orient. "Minute Painting" may be used on screens, pillows, curtains, draperies, dresses, shawls, scarfs, negligees. You will also find it an attractive addition to decorations on wood, glass, metal or paper. Complete directions accompany materials for this work. Try it! You will find "Minute embroidery" a way to make your art craft work even more attractive than it is now.

Complete Outfits

No. 4250. Outfit contains 4 tubes assorted shading colors, 4 tubes assorted ground colors, 6 bottles assorted French Fabric Paints, 1 bottle medium, 1 bottle mordant, 1 packet each gold and silver bronze powder, 1 bottle crystalline, 12 paper cones, 4 assorted brushes, 12 thumb tacks, sheet of designs and complete instructions **$5.95**

No. 4251. Outfit contains 3 tubes assorted shading colors, 3 tubes assorted ground colors, 4 bottles assorted French Fabric Paints, 1 bottle medium, 1 bottle mordant, 1 package gold bronze powder, 1 bottle crystalline, 12 paper cones, 2 brushes, 12 thumb tacks, sheet of designs and complete instructions **$4.25**

Spring Supplement for 1927

Does Springtime make you think of new things, of things that are fresh and bright and colorful? It does us, so we are sending you this new Spring Supplement to tell you of the newest 1927 ideas in artcraft work and to give you some suggestions which may help you to give to your home those bright, colorful touches that add so greatly to the joy of living.

Hibbard's Wood-Painting Lacquers

First and foremost, we want to call your attention to our Wood-painting Lacquers. We are extremely proud of them. They seem to grow better and better every day, but they are really just the same as they have always been. The reason that they seem to be getting better is because we are daily finding new uses for them and new points of superiority.

As we experiment more and more with lacquer possibilities, as more and more people write to us of their experiences with Prof. Hibbard's Wood-painting Lacquers as well as other lacquers on the market, we grow more and more certain of having offered to you, in Prof. Hibbard's Wood-painting Lacquers, the one truly satisfactory lacquer for home artcraft work.

* * * *

How They Were Discovered

Have you heard how Prof. Hibbard discovered these marvelous lacquers? This is the story: When the vogue for painted furniture returned, we knew our artist friends would be greatly interested in adding beauty and color in this way. We began to experiment on commercial enamels and lacquers. We couldn't use them in a truly satisfactory manner, so we knew our customers wouldn't be satisfied with them either. Then we set to work, for months we experimented, different ingredients were used, different proportions different methods of combining them. Finally one day Prof. Hibbard came to us and said "At last, I've got what your customers will want!" We tested them, tried them in many different ways. We were charmed with the results.

* * * *

If you have used commercial lacquers you know that they dry very quickly, so much so that it is almost fatal to allow your brush to touch the lacquer once it has been put on the wood. Since this is so, it is impossible to get a smooth and finished-looking result. All of this is because the ordinary lacquer is made with a cellulose base and is designed for air brush use. It is scarcely right to even expect satisfactory results with hand-brush application.

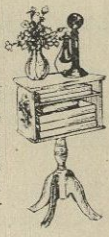
Prof. Hibbard's Wood-painting Lacquers are made on an absolutely different principle. The process is secret, but we can assure you that only the best and purest ingredients are used and that these must be combined most carefully and skillfully. And the result? We offer you lacquer that the amateur can use with truly professional results! **Prof. Hibbard's Wood-painting Lacquers are an achievement.** They are in every way up to the Thayer & Chandler high standard of excellency. Be sure to try them and read more about them on page 5.

Art Furniture

After we had found this all-together satisfactory medium for painting furniture, our customers wrote us of their difficulties in getting furniture to paint that was lovely in line and design, and at the same time reasonable in price.

Again, the designers in our studios started to work. They studied lovely furniture, antique and modern, they consulted customers' wishes and have gradually added to our line of art furniture until now you will find it most complete as well as most lovely.

Thayer & Chandler art furniture is very carefully designed; this is proven by the fact that our furniture can be sent to you in knock-down form. It is so carefully cut, grooved, fitted and finished that even a novice can put it together with ease. Such a saving to you in money on account of lowering labor and shipping costs!



But be sure to use Prof. Hibbard's Wood-painting Lacquers in decorating this (and other) furniture. It assures you maximum success.

Here's a hint—knock-down furniture may be decorated either before or after it is put together if you use Prof. Hibbard's Wood-painting Lacquers. This is possible only with these lacquers for they go on so smoothly that they do not show brush streaks or even where strokes go together or lap.

Colored Transfer Pictures

And to further aid you in getting expert results, in furniture decoration, we have brought together for you the most charming of colored transfer pictures. These are so easy to use—you get a real thrill when you get them onto your furniture and see how lovely the colors are and how they enhance the already beautiful lacquered furniture. There's more about them on pages 10-11.

Minute Embroidery

Do not fail to read about the new "Minute Embroidery"—the latest addition for French Fabric Paints and Oriental Lacquers. This work is very easily done and adds a distinctive touch to fabric painting. There's more about it on page 2.

Many other things, too

A glimpse through our 1927 Yearbook and this up-to-the-minute Spring Supplement will show you many other new and stunning ideas for home decoration and artcraft work. You will find each and every one of these even more charming than mere ink and paper can picture them.

Remember when you buy Thayer & Chandler merchandise that you buy the best—you are assured satisfaction by our 47 years of service and our definite guarantee.

Also order from our 1927 Yearbook as usual until September, 1927

Prof. Hibbard's Oriental Lacquers

the all-around colors for home artcraft work

You'll be surprised how handy it is to have a set of Oriental Lacquers in your home. Thousands of our customers write in and tell us that with this assortment of colors at hand they can do so many different things, that they are always discovering more uses for them!

Oriental Lacquers are brilliant and transparent —the most beautiful colors that we have yet produced. More than that, these colors are especially satisfactory for amateurs to use. They are handled like ordinary colors, but more easily. They have a snap and brilliancy which is entirely lacking in other colors.

Oriental Lacquers do not fade, they do not run. they do not spot, they do not slip.

You can use them for the greatest variety of art work. They are especially effective for parchment shades as the colors are lovely whether illuminated or not. The light streams through them just like through stained glass—they are so glossy and transparent! You'll find it easier and quicker to paint your shades if you use Oriental Lacquers and at the same time, you will have infinitely lovelier shades.

You will also find Oriental Lacquers the most effective colors to use for painting occasional china and glass, Gesso-polychrome and pyrographic articles, light shades of the lovely new colored oil-cloths and metal kid-cloths, as well as for the heavier draperies, such as art linen, cretonne, casement and monk's cloth.

And, if you have an assortment of colors available you will find that you can readily brighten up old or faded parchment shades, faded hangings, furniture covers, or cushions. By adding a little Hibbard Wood-painting Lacquer White you can decorate the tops of glasses of jelly or jars of fruits which you may be giving as gifts. You can "gay up" old baskets and furniture. You can paint the heels of party slippers to match the gown. Your sons and daughters can paint gay designs on rain coats or rickety Fords! In fact, you'll soon wonder how you ever kept house without your set of Oriental Lacquers!

Complete Outfits

4140. Outfit contains fourteen 1 oz. jars, Rose Pink, Flame Red, Canary Yellow, Orange Yellow, Emerald Green, Dark Green, Standard Blue, Violet Blue, Magenta, Pansy Purple, Dark Brown, Intense Black, Extender, Thinner; 3 painting brushes, big new instruction book, and full directions, in neat leatherette box, $5.50 value **$4.35**

See page 6 for separate colors

Prof. Hibbard's Wood-painting Lacquers

For decorating art furniture, rattan, kid cloth, oil-cloth, iron novelties, curtain poles, etc.

There's nothing that is more real fun or that gives greater satisfaction than making things, creating things with your own hands. It used to be that this kind of thing was limited to smaller ornaments or decorative novelties. Now, it's not only possible, but very easy for you to build and decorate your own occasional furniture.

On pages 12 to 21 you will find a fuller description of the Thayer & Chandler art furniture—the furniture that comes to you in knock-down form all ready to be easily put together and decorated.

But, it's Prof. Hibbard's Wood-painting Lacquers that make the decoration of this furniture, or other furniture, so easy and delightful. The lacquers fill a place that can be taken neither by paints, varnishes nor enamels—they are lacquers which have been made especially for brush application. Most lacquers on the market today are made for air brush application and dry altogether too fast—consequently they are not satisfactory for household use.

Our Wood-painting Lacquers are made from the finest of raw materials and are combined with long-experienced and highly-specialized skill. From them you get a beauty of finish, an ease of application, a durability which is not to be had in ordindary lacquers.

The colors in the Wood-painting Lacquers are pure and brilliant—stunning effects are easily obtained. These lacquers dry quickly, not so quickly that they cannot be brushed smooth, but fast enough so that there is no long waiting between coats and so that furniture may be lacquered, decorated and completely finished in a much shorter time than was ever before possible. They are odorless so soon as they are applied.

After these Wood-painting lacquers are on they stay dry, and do not check or crack. They are not affected by heat or cold. They may be used indoors or out. They may be washed or scrubbed. In fact, you will find them a thoroughly satisfactory finish, a finish that is not only easy for the amateur to use, but one that gives a really professional result.

Until you have used Hibbard's Wood-painting Lacquers you cannot know how easy it is to paint tables, stools, screens, book shelves, desks, magazine baskets, curtain poles, iron candlesticks, book ends, door stops or the quantities of other things that can be made so effective with lacquer decoration.

Try them on some of the new art furniture; you'll be delighted with the artistic things you can make—and so reasonably, too!

Complete outfits

9650. Outfit contains eight 2-oz. jars Chinese Red, Japanese Yellow, Jade Green, Light Blue, Blossom Pink, Black, White, Oriental Thinner, brush and big new Instruction Book, in neat leatherette box. Prof. Hibbard's Lacquer Colors in Jars

We offer you Prof. Hibbard's Oriental Lacquer and Wood Painting Lacquer in large and small quantities. It will pay you to buy in the larger quantities if you plan to do a large amount of lacquering.

Oriental Lacquers

For Parchment Shade, Metal Kid Cloth, Oil Cloth, Gesso, China and Glass Painting.

Oriental Lacquers are transparent so should be used where light shows through or where the foundation color is light and will not spoil the effect of the color used.

Oriental Lacquer, Silver, 1 oz. jar.....35c

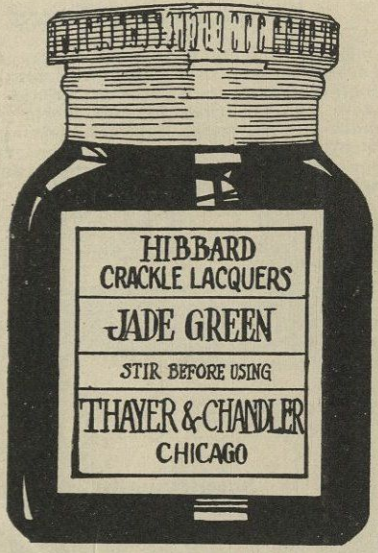
The New and Novel Crackle Lacquer Finish

It is really very easy for you to apply this finish and to get the result you wish. All you have to do is to paint the wood as follows—it matters not whether the article is a tiny box or one of the larger pieces of art furniture. First apply two coats of Wood Painting Lacquer over the entire surface; when it is dry apply one coat of Clear Lacquer—not more than a foot square—and in a minute or two, when it appears no longer "wet" immediately apply the Crackle Lacquer with a varied stroke. Repeat this method of applying Clear and Crackle Lacquer over the entire surface to be finished. The foundation color shows through the "crackle" of the finish coat so should be carefully chosen to contrast with it.

In our experimenting we have found the following combinations very successfully applied as follows:

1st: Foundation Color (Wood-Painting Lacquer)	2nd Application Clear Lacquer	3rd: Final Color (Crackle Lacquer)
Light Blue	"	Antique Jade Green
Chinese Red	"	Antique Black
Japanese Yellow	"	Antique Black
Chinese Red	"	Antique Yellow
Mauve	"	Antique Black
Turquoise Blue	"	Antique Deep Green
Black	"	Antique Red

As you work with this finish you will discover endless combinations which give pleasing results. Any of the color combinations which give artistic results in other art work may be used, but a more attractive result is secured, if the lighter tints are used as the foundation color.



Actual size of 2-oz. jar.

A soft camel hair brush may be used on small pieces and a wide bristle brush on the larger articles.

Apply the Crackle Lacquer with a single stroke and don't try to improve it. Any working over will interfere with the crackling process.

Crackle Lacquer applied over Clear Lacquer causes the shrinking process and as they dry, the attractive crackle finish is formed.

This, as other wood finishes, may be given a coat of wax and rubbed smooth with a cloth-brush or heavy woolen cloth. The wax finish, besides being effective, also acts as a protection.

The new crackle finish may be used on any article which takes a lacquer finish. It is especially adapted to the new art furniture and most stunning and unusual effects are bad by its use.

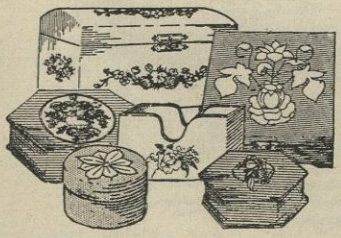
Brush Cleaner and Thinner	**30c**	**55c**	**1.00**

The New Metallic Finish



We are always experimenting in our laboratories, but we've just happened on to a finish which is so simple that we all wonder why we never thought of it before! So gorgeous, so effective that even a professional decorator could not achieve a more beautiful finish even with expert methods and the most painstaking work. We urge you to try it, for we have been so charmed with the result that we feel sure that you will be, too.

Here's the secret: Lacquer any piece of wood with one coat of Oriental Lacquer, of any desired color. Apply a coat of Metallic Medium and, with a cloth, wipe off just enough so that it will not appear wet—the grain of the wood will retain enough of the medium to hold the metallic powder. With the fingers or a small pad of cloth, rub over the surface with powder Iridescent Metallic Color—gold, bronze, copper, aluminum, or patent green — until the pores of the wood are well filled. Next, take a wad of fine steel wool and smooth the surface—until the combination of color and metallic powder gives the effect desired. Boxes, stationery holders and other articles made of fine grain wood may be rubbed with a knife handle or smooth glass bottle instead of the steel wool. This metallic finish is easy to apply and is fast in color and charming in effect! Be sure to try it!

Metallic Medium **25c**
Wax Polish **35c**
Metallic Powder colors, gold, silver, copper, 1-oz. bottle, each **25c**
Steel Wool, packet **10c**

French Fabric Paints

Carefully Tested

Everything that Thayer & Chandler offers is carefully tested before it is brought to you. For instance, take our French Fabric Paints. We were not the first to put fabric colors on the market. We were, however, testing and experimenting with dyes, with colors, with mordants for months, even before other companies were selling their fabric paints.

We would not and did not offer you fabric paints until we could feel that they were as good as they could be made and that the price was reasonable.

This Fall we offered you French Fabric Paints —colors that could be used on cotton, rayon, silk, etc., and with a special mordant* to be used with the paints on cotton, linen and rayon to assure their fastness.

* A mordant is a substance which so affects a color as to make it fast.

Scientifically correct

French Fabric Colors are scientifically correct. The dye or color is fast on silk and wool without a mordant, but on cotton, linen and rayon the same colors are used with a mordant. Either the color or mordant may be applied first; in either case the first application must be dry before the second is made. If mordant is applied first it should be done carefully with brush only where color is to go. Mordant is not to be mixed with color before it is applied to the fabric. Colors cannot be fast on cotton, linen or rayon without a "fixing" mordant. It's chemically impossible!

And our procedure has been proven right! One competitor will not try to use his colors on linen, cotton or rayon, another has changed from two sets, one for cotton and linen, one for silk and wool, to a single one for all. We experimented first, then brought French Fabric Paints to you as they are—right!

A Splendid Color Range

French Fabric Colors come in a splendid assortment of colors so assure you artistic as well as satisfactory results. Try them! You're sure to be pleased with the painted scarfs, shawls, dresses, curtains—anything made of sheer or silken materials. The colors are fast to dry cleaning and will even wash in tepid water and soap if done carefully.

Inexpensive

And, compare the size of the bottles and the prices. Others ask 35c a bottle, and the bottle holds only 1 oz.—they offer you a so-called "special" 2 oz. bottle for 50c. But, Thayer & Chandler French Fabric Colors have always come in generous 2 oz. jars and at only 35c each.

Complete Outfits

9400. Containing eight 2-oz. jars Pink, Blue, Lemon, Brown, Purple, Emerald Green, Medium, Mordant (for fixing colors), brush and "How to Do" instruction book in neat leatherette box. From these colors, other colors and many tints can be mixed. Special introductory price. $4.25 value.....**$3.35**

9401. Outfit containing twelve 2-oz. jars each, Rose, Scarlet, Lemon, Orange, Light Blue, Deep Green, Emerald Green, Purple, Brown, Black, Medium, Mordant (for fixing colors), 2 painting brushes, "How to Do" instruction book, in neat leatherette box. Send for sample card showing 12 different colors —its FREE

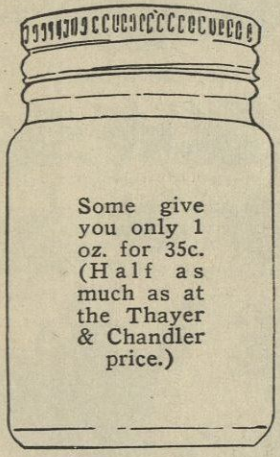
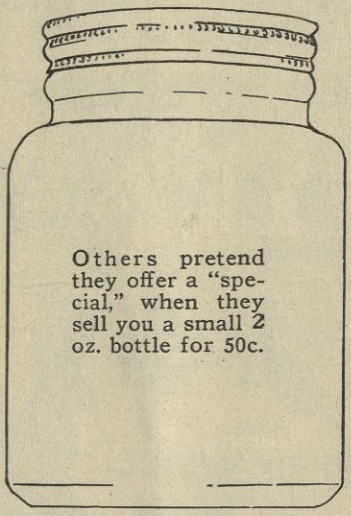
French Fabric Paints

French Fabric Paints are made expressly to give you a fast color which may be used satisfactorily on sheer fabrics. You will find that they are especially easy to use. They do not spread. They do not run. They come in a splendid selection of colors. They give desired effects and results.

French Fabric Paints are just the thing to use for shawls, scarfs, dresses, curtains, runners — articles made from georgette, crepe de chine, taffeta, voile, organdie, scrim, etc. Try them. You're sure to be pleased.





2-oz. bottle for 35c

We give twice as much and better too!

It always pays to have the best!

French Fabric Paints may be purchased in special outfits or in individual 2-oz. jars. You will find it most satisfactory to begin with one of the outfits which will give you a splendid assortment of colors, and then add to it the colors of which you use the greatest quantity. In this way you are sure to have at hand a variety of colors which will allow you to use any color combination or design that you may wish.

If you know definitely the colors you wish to use you may prefer to buy your color individually. We offer you a splendid selection from which to choose.

Directions for applying above transfer pictures

Coat the face of transfer thinly with Transfer Varnish and allow it to become tacky (15 to 30 minutes); there is no need to keep the varnish just to the design. Place the transfer (varnished side down) on the article and rub hard with rubber roller or dry cloth. Now soak the paper with tepid water a few moments (if air bubbles appear after water has been applied, smooth the transfer again with roller)—then slide the paper off when it will come away without effort. Sponge the gum from the design with water and dry by gentle pressure with dry cloth.

Moisten a soft rag with turpentine to which a little gasoline has been added and gently rub over design to remove the varnish around the design. Allow several hours for transfer to dry thoroughly before polishing or varnishing over it.

Bristle

Brushes for Wood-painting Lacquers

For successful lacquering, it is essential that you use a brush that is long and supple, one that carries a load of lacquer and so makes constant dipping into the paint unnecessary. The Thayer & Chandler brushes are made keeping in mind these demands. You'll be pleased with them.

A wonderful value Tilt-top Tables $5.50

Reduced from $7.50

Tilt-top tables were offered you in the Thayer & Chandler 1927 Yearbook at the lowest price that seemed consistent with the high standard of our merchandise. But the generous orders of our customers have already increased production so that we can now offer you the choice of these six very desirable tilt-top tables for only $5.50 each, a price reduction of $2 per table!

Tilt-top tables are such handy things to have about. When not in use they can be stood against the wall and out of the way, or, used as a screen—and yet if they are gaily lacquered they will still give a bright touch of color to the room.

They are always useful—and would be the ideal gift for weddings or anniversaries.

Better order today! There's sure to be a big demand at this new low price.

Order Now! Only $5.50 each

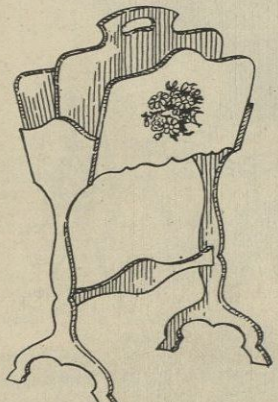
Magazine baskets make popular presents

At the Eastern States Exposition one of the popular women's magazines showed a furnished house. People who were there tell us that nothing in that house attracted more attention or caused more comment than a red-lacquered magazine basket. Men and women, boys and girls —all seemed fascinated with it and most women went away audibly vowing that they were "going to have one for their home!"

Easily and quickly put together and painted. Inexpensive. Lacquered, with an antique finish or the new metallic finish; decorated with colored transfer pictures, colorful prints or painted decorations—it's sure to please!



Newspaper and Magazine Stand

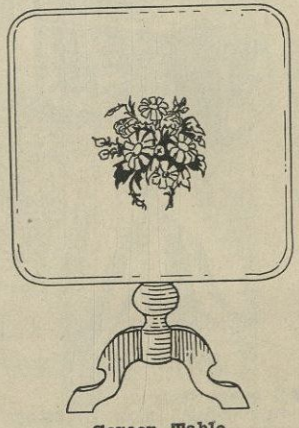
9699 24x14 in.....**$3.85**

Newspaper rack

Newspapers are such a nuisance the way they get scattered about and clutter up the whole house! Why not add one of these attractive newspaper baskets to your living room and see if your family won't take the hint and keep the papers in it?

Screen-table

If your home is limited in space you'll find one of these very new screen-tables a solution of your problems. It offers you a gay and colorful screen that may be stood before the fireplace when not in use, and it's quickly turned into a charming table for tea, for cards, for the children's parties —for all sorts of emergencies.



Screen Table

9698 24x24 in., height 26 in. **$5.50**

Art Furniture For Lacquer Decoration

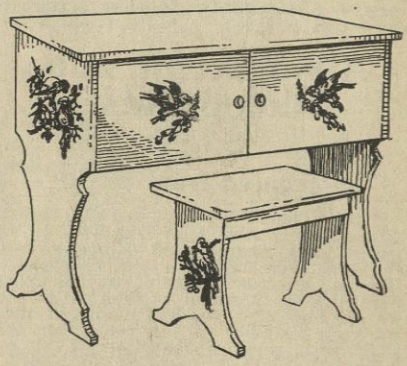
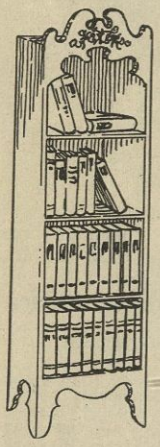
Radio cabinet and seat

With the radio almost a household necessity these days, there's sure to be a need for one of these lovely lacquered cabinets. Cleverly designed, beautifully proportioned, this piece of furniture when lacquered will be an addition to any home. Black with a new metallic finish, Jade green crackle lacquer over blue, on antique Chinese red would be attractive finishes. Better use the lovely new colored transfer pictures for decoration, too.

No. 9695 Cabinet, height, 30 in.; width, 30 in. **$7.90**
No. 9694 Seat, height, 18 in.; width, 16 in. **2.50**





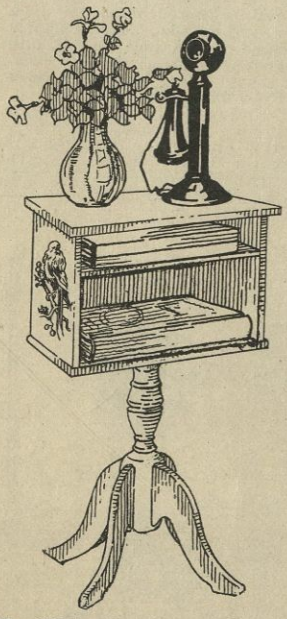
This Pier Cabinet furnishes shelves for your favorite books. 45 inches high; 12 inches wide.
9762 ..... **$6.75**

New 1-leg table

This table was made especially for one of our customers in our work shop. He had searched far and wide for "just the thing" that would be really handy and convenient to use with his arm chair. After it was finished and taken home, friends admired it, neighbors wanted them, too.

So we bring it to you—the newest and most convenient table to use with your arm chair. It will hold books and magazines, your writing, your sewing, the children's homework or study materials, your cards for a game of solitaire. You'll find a hundred and one uses for it and wonder how you ever lived without it! The 1-leg adjusts to chair height. Wouldn't it be a cheerful and splendid gift for a student, invalid or an older person?

9680 28x20 in. **$4.25**

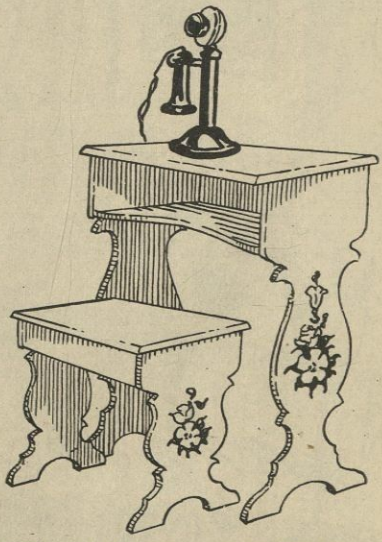


No. 9692 Height, 31½ in.; width, 16 in. **$6.25**

Telephone stands

You've probably always wanted a real place to keep your telephone and the telephone directory. These clever sets are inexpensive. They can be lacquered just the right color and easily decorated with transfer pictures, and will add to the beauty of the room as well as furnish the convenience of a table and stool that belong with the telephone—and stay there!

They are so easy to put together and to lacquer. You'll enjoy doing it—girls and boys could do it, too. Order one now. It would be stunning in the new crackle lacquer!

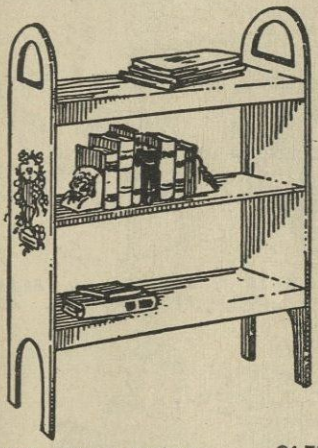


9679 Stand, height, 30 in.; width 18 in. Stool, height 18 in., width 14 in. Set **$7.65**

This supplement and our 1927 Yearbook will be in force until Sept., 1927

Art Furniture for Lacquer Decoration

Made of 3-ply wood, accurately fitted, smoothly sanded and finished, shipped to you in a knock-down form all ready to put together and decorate. Tracing pattern of decoration included. Screen 9697 is finished, ready to decorate.



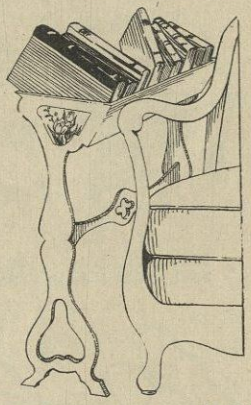
9686 30x24 inches.....**$4.75**

Book Stands

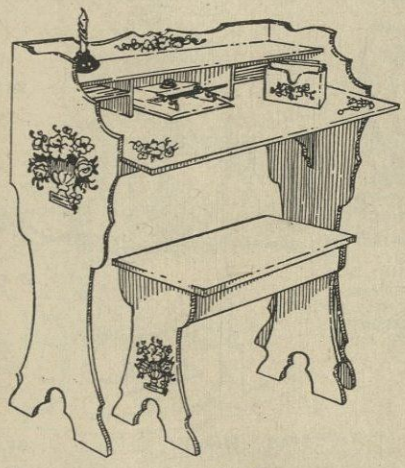
If you have just a few books—this will hold them and maybe a few magazines and a bowl of flowers, too! Or, if you have many books, you probably have a few choice ones or new ones that you want near at hand.

This book case is simple in design, sturdily built and, according to the color you finish it, could be used in many places—son's or daughter's room, the study, the living room or the bed room. It is so easy to decorate with the new transfer pictures.

When you settle down in your easy chair for the evening smoke, you'll want to be sure to have at hand a few good books. This handy piece of furniture will be most attractive, too, if lacquered in jade green with gold trimmings and oriental pictures. Or maybe, you'd prefer it in antique blue with soft floral decorations.



9730 26x20 in....**$4.65**



A new desk set

This lovely new desk is more elaborate than any we have yet offered you—a real desk with place for supplies and plenty of room for writing. Your daughter would adore having one, painted with dainty lacquers and Dresden flowers, for her room! Or, for the living room, hall or library it would be so attractive in one of the new crackle lacquer finishes or in antique laquer red or jade green and suitable transfer pictures.

9683 Desk, height 35 inches; width 30 inches **$11.25**
9684 Seat, 18x14 inches..... **2.50**
9635 Ink Stand, 7 inches..... **.65**

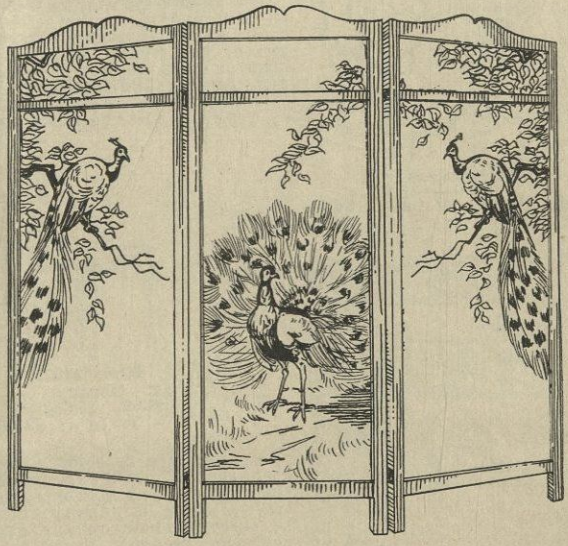
Another screen!

You can think of a dozen places to use it, can't you? And, wouldn't it be lovely in front of the fire place? So easy to decorate!

9697 37x35 inches **$5.25**
Panels mounted with metal kid cloth, gold, silver or colored .....**$2.50 extra**



Also order from our 1927 Yearbook as usual until September, 1927

Furniture for Little Folks

Made of 3-ply wood, accurately fitted, smoothly sanded and finished, shipped to you in a knock-down form all ready to put together and decorate. Tracing pattern of decoration included.

Doll Cribs

Every little girl has to have a bed of some variety for her doll family—a crib, a cradle or a doll bed. We offer you here four different kinds, anyone of which is sure to delight. These may be lacquered to suit the taste of the young mother or they may match the other bedroom furniture. A colored transfer picture or two will add both attractiveness and greater happiness.

Be your own Interior Decorator
Where and how to use hand-lacquering: for occasional furniture, lamp shades, wall decorations etc.
TC

"Be your own Interior Decorator"

is more than an interesting, well-illustrated book—it is thoroughly helpful from first page to last. All its suggestions and ideas cost little to carry out; it tells how to use what you have, yet make it look better! The pictures show beauty; the words tell economy!!

THIS brand-new book gives the underlying principles of interior decoration *in a simple and concise way.* It tells how *you* can easily apply these principles, how *you* can add charm to your own home. It tells how wonders can be worked by a little changing about of pictures and furniture, how you can use an occasional piece of hand-painted furniture or a bright lamp shade to give personality to an otherwise drab room.

Quantities of sketches visualize these possibilities for you. "Before and after" sketches are shown. What to do and what not to do is illustrated. New ways are contrasted with the old. Definite plans are suggested for *all* the rooms in the house—helpful plans that save money and yet make your home more attractive.

Send today for "Be your own Interior Decorator". Worth many dollars—but regularly priced at only 50c. *Special price* on limited first edition, 35c. *Order early!*
